

BRAINERD DAILY DISPATCH.

VOLUME 5, NO. 249.

BRAINERD, MINN., MONDAY, MARCH 26, 1906.

PRICE TWO CENTS

BATTLE AT MAGTAON

RESULT OF TREACHERY ON THE PART OF NATIVES OF THE ISLAND OF SAMAR.

HAD COME IN TO SURRENDER

AFTER BEING LINED UP THEY MADE AN ATTACK UPON AMERICAN OFFICIALS.

Manila, March 26.—An unofficial report says that the body of Governor Curry of the island of Samar, who was missing after an engagement between the constabulary and a force of Pulajanes, fanatical natives, has been found, badly hacked by his murderers.

Manila, March 26.—According to advices received during the day the recent fight at Magtaon, Samar, between the constabulary and Pulajanes, was the result of treachery on the part of the natives. Thirty Pulajanes were killed and sixteen of the constabulary were killed or wounded.

A dispatch received from Captain Jones of the constabulary at Magtaon says that on March 23 Governor Curry, Judge Lobinger and Superintendent of Schools Hoover arrived there and camped over night near the Pulajanes. The presence of the officials was made known to the rebellious natives and their leader announced that he would surrender the next day. As a result of this promise, the Americans returned to the town of Magtaon, accompanied by Colonel Augilar, another Pulajane chief.

Attacked American Officials.

The next day, Saturday morning, four chiefs of the Pulajanes with over 100 men and 14 guns appeared at Magtaon and lined up in front of the constabulary barracks. Between the barracks and the Pulajanes stood the group of American officials.

One of the chiefs expressed a wish that his party be photographed in the act of surrendering, and Superintendent Hoover was adjusting his camera when the Pulajanes' leader blew a whistle and gave an order to advance. The entire party of natives thereupon rushed upon the American officials, who escaped to the Magtaon river and swam to the opposite bank. When the treachery of the natives was apparent the constabulary immediately opened fire and a fierce fight ensued, in which the constabulary gained a decisive victory. The Pulajanes were chased to the mountains, but the pursuers lost more guns than they captured.

The American officials were later found with the exception of Governor Curry. He was last seen being pursued by Pulajanes, and it is now believed he is hiding in the dense brush in that locality.

Three hundred constabulary are now on the trail of the fugitive natives and searching for Governor Curry.

TEXAS AFTER THE OIL TRUST.

Will Enforce Law Against Combine in That State.

Dallas, Tex., March 26.—A special from Austin to the News says:

Press dispatches stating that counsel for the Standard Oil company had consented that an admission might be entered in the record of the Missouri proceedings that the Standard Oil company of New Jersey held in trust the stocks of the Standard Oil company of Indiana, the Waters-Pierce Oil company and the Republic Oil company, has aroused considerable interest here in view of the fact that the Waters-Pierce Oil company is doing business in Texas, and in view of the affidavits which were made when its permit to do business in Texas was issued. The News has authority for the statement that the attorney general's department proposes "taking up the matter of enforcing the anti-trust law of Texas" as soon as pressing business now in hand can be disposed of and that the law will be enforced.

Drydock Dewey Passes Gibraltar.

Gibraltar, March 26.—Mr. Sprague, the American consul here, during the day received a wireless dispatch from the United States collier Glacier, Commander H. F. Hosley, informing him that the floating drydock Dewey passed Gibraltar at 10:55 a.m. The dispatch reported all well on board, but said that the weather was bad.

John Hays Hammond ill.

San Francisco, March 26.—John Hays Hammond, the well known mining engineer, is ill in this city and is threatened with acute pneumonia. Arrangements have been made to take him to Los Angeles. Mr. Hammond was formerly consulting engineer for Cecil Rhodes in South Africa.

THE BUSINESS OF THE HOUSE.
Its Chief Occupation This Week Will Be Appropriating Money.

Washington, March 26.—Appropriating money will be the chief occupation of the house this week. The legislative appropriation bill, which traveled a rocky road over the rules last week, is not finished by half. Mr. Littauer, in charge of the bill, estimates that it will require Tuesday, Wednesday and possibly Thursday to complete the measure. The opening day, under the rules, is District of Columbia day and a number of local measures are on the calendar. Criticism of the bureau of corporations will be the chief feature, in view of the recent decision in Chicago, which some members regard as a curtailment of the usefulness of this bureau.

War claims have the right of way on Friday, by special agreement. The postoffice appropriation bill is slated for consideration at the earliest possible moment.

Of interest outside of the floor proceedings will be the meetings of the statehood conferences. Efforts are being made to bring the ship subsidy bill within the horizon of legislative action, and Mr. Bonynge of Colorado is watching closely for opportunity to complete the pending consideration of the bill for a national system of naturalization.

RATE BILL IN THE SENATE.

Will Continue to Absorb the Attention of That Body.

Washington, March 26.—The railroad rate bill will continue this week to absorb the attention of the United States Senate. Senator Tillman admits that there is a tendency in the debate to lag, but attributes it to the necessity for much preparation in discussing the question. He insists that as soon as the debate is exhausted he will press the bill to a vote.

Should there be an agreement upon the consular reorganization bill Senator Lodge will probably call up the conference report during the week and some debate on it is possible. The Indian appropriation bill will be reported Tuesday or Wednesday and Senator Clapp will take it up if there should be a lull in the debate on rates. A conference report on the bill for the settlement of the affairs of the Five Civilized tribes is pending and may be debated if there is opportunity.

FIVE ASPHYXIATED BY GAS.

One Dead and the Other Four Not Expected to Recover.

New York, March 26.—Returning after an hour's absence to their rooms in the tenement at No. 430 East Seventy-first street during the evening, William Kunda and his wife found four of their children and the grandmother lying on the floor unconscious from escaping gas. Before an ambulance surgeon from a hospital reached the house the youngest of the children, a year old, was dead. The other three children and the grandmother were taken to the hospital. They were still unconscious at a late hour and are not expected to recover.

The four children were playing in the kitchen of the apartment and the grandmother, seventy-five years old, was sitting in the front room. It is believed she fell asleep in the chair. The children disconnected a gas tube from the heater and the escaping fumes asphyxiated the five inmates of the rooms.

RESULT OF A SALOON FIGHT.

Two Men Killed and Two Others Wounded at Aguilar, Colo.

Aguilar, Colo., March 26.—Two men were killed in a fight which started in a saloon here late at night and two others were severely wounded. The dead are: Samuel Vigil and Andres Martinez.

The wounded are: James Davis, town marshal; F. M. Vigil, justice of the peace.

Vigil and Martinez were killed by Davis, who says he shot them in self-defense.

F. M. Vigil, father of Samuel Vigil, started out with a shotgun vowing to kill Davis and was clubbed into unconsciousness by Deputy Sheriff Shelby.

WALTER SCOTT ARRESTED.

Death Valley Miner Charged With Assault With a Deadly Weapon.

San Francisco, March 26.—Walter Scott, the Death Valley miner, was arrested during the evening on a telegraphic report from the sheriff of San Bernardino county stating that Scott is wanted there to answer a charge of assault with a deadly weapon. The charge grows out of a recent attack on a party who were being escorted to Scott's mine. Scott was released on \$500 bail.

Preacher Killed in His Pulpit.

Carson, Ia., March 26.—While preaching to his congregation during the day, Rev. J. B. Lantz, pastor of a Latter Day Saints' church at this place, was struck by lightning. He died within an hour. The bolt was communicated to the preacher by a chandelier hanging directly over his head. The church took fire but was saved.

CUMMINS TO ELKINS

GOVERNOR OF IOWA REPLIES TO
A LETTER FROM THE WEST
VIRGINIA SENATOR.

STANDS BY HIS STATEMENTS

CRITICISES MANNER IN WHICH
THE SENATE INVESTIGATION
WAS CARRIED ON.

Des Moines, Ia., March 26.—Governor Cummins has mailed to Senator Elkins of West Virginia a reply to the senator's letter in which he criticised statements made by the governor in speeches to the voters of Iowa regarding the governor's examination before the senate committee on Interstate commerce, when it had under consideration the railway rate bill.

The governor says that the senator accused him of falsehood in declaring that his cross examination was hostile, that an attorney of the railway companies sat at the right of Senator Elkins during the examination, that Senator Elkins appeared to be in communion and sympathy with this attorney, and that the attorney handed to Senator Elkins questions to be asked the governor.

"It," says the governor, in his letter to the senator, "you understand your duties and obligations as chairman of a legislative committee to be similar to those of an advocate, I have no criticism to make of your conduct, except to say that you were on the side of the railroads instead of on the side of the people. I have thought, however, that, as chairman of such a committee,

Your Duties and Obligations

were more nearly like those of a judge; namely, to hear both sides patiently, without bias as prejudice, and then to decide impartially without fear or favor. You heard patiently, but it was clearly apparent in your cross-examination that you had decided the case in favor of the railroads, and were determined to shatter my evidence if you could. The cross-examination shows conclusively that you had made up your mind that the proposed authority ought not to be given to the interstate commerce commission, and that the power sought to be given was unnecessary, dangerous, and filled with disaster to commerce. It is from beginning to end just such a cross-examination as an attorney for the railway companies would conduct, and it was unseemly for you to assume that attitude.

The scene in your committee room is sharply stamped on my memory, and it is impossible that I can be mistaken about it. Sitting squarely at your right hand, just a trifle behind you, sat a gentleman who, as I was afterward informed, is Ex-Senator Faulkner. I inquired what relation he bore to the investigation, and I was told that he was an employee of the railway companies to resist the proposed law. I do not know whether the other senators saw him or not, for their faces were turned toward me, and therefore away from him; but I do know that you saw him, first, because he was so close to you that you could not turn your head without seeing him; second, because you were in conversation with him a part of the time; third, because I saw him, with his hand on your shoulder, pass to you questions which you read and then put to me. There can be no mistake about this, for my senses were as alert just then as human faculties can be.

Will Continue His Denunciation.

"You may believe that an investigation carried on in this manner is in accordance with fairness and decency. I do not. You may continue in your belief if you like, but I shall continue in my denunciation.

"It appears to me that if you propose to assail all persons and papers and magazines that have admitted your loyalty to the railroads and questioned your fidelity to the people, you should give some attention to the attacks that come from points nearer Washington than Iowa.

"The truth is, senator, that you have fairly established the reputation of standing for the railroads in the United States senate. It is most unfortunate that any senator should acquire such a reputation among the people of the country. It is in the highest degree important that the body of which you are a member shall enjoy the fullest public confidence. The gravest problems which confront us are those which relate to the regulation and restriction of corporate power. These problems will not be successfully solved by those whose lives have been so molded by corporate thought and corporate influence that they instinctively turn to corpora-

H. F. MICHAEL CO'S Daily Store News

Adler's mocha gloves for spring wear.

Try a pair if you want the greatest of glove satisfaction. No other glove gives better service and few an equal amount. Then there is a finish to the gloves that is exceptional. They sell at \$1.50 the pair.

New buttons—the late spring shades.

They represent a color assortment that will match almost any of the new spring shades. We might also add a word about the new trimmings. They are such as you would expect to find here: stylish and inexpensive.

A surprise to many—it should not be.

A number of ladies' have expressed themselves as being surprised to find as fine a line of wash fabrics in Brainerd as we show. You will always find the new and novel things at our store and you should frequently ask to see what is new. We always have it.

Learn Art Needlework tomorrow afternoon.

We are now conducting the most successful art needlework class we have since we began this work. The Hedebo and Venetian or shadow embroidery is receiving much attention and we also instruct in any other line of work as well.

We are showing some very novel designs for wash hats and waists; designs easily worked but very effective in appearance.

DISAGREEMENT PROBABLE.

Miners and Operators to Make Final Effort at Settlement.

Indianapolis, March 26.—Bituminous coal operators and miners of the Central competitive and Southwestern districts will make a final effort during the day to decide upon a wage scale to go into effect April 1. The joint scale committee of the two districts will resume their sessions after a deadlock lasting five days, during which there has been no indication of a weakening on either side. The miners demand an advance in wages of 5.55 per cent, which is the restoration of the wage scale of 1903. Mr. F. L. Robbins, speaking for the operators of Western Pennsylvania, has offered to pay this advance and has threatened the operators of Ohio, Indiana and Illinois, who are standing firmly against any advance, that unless they recede he will break away from the Interstate agreement and run his mines on the advanced scale. Whether the miners will agree to sign by districts and allow the mines of Western Pennsylvania to run, while those of Illinois, Indiana and Ohio stand idle is a question that has not been openly settled. President Mitchell and other leaders refuse to make any statement on this subject or even to indicate what their position will be should the situation demand a specific declaration.

It is not known either whether the miners would ratify any such agreement even if made by their national officers. Indications point to a disagreement of the two joint committees during the day and the probable calling together of the joint conference, when the fight over the wage scale will be continued publicly and not behind closed doors, as the sessions of the joint conference have been held.

Would Advance Price of Coal.

New York, March 26.—The anthracite coal operators gave out statement during the day in which they say that in order to grant the demands made by the coal miners, it will be necessary to raise the price charged the consumer by \$1.20 a ton, as the demands of the miners provide for a three-fold increase in wages.

SCORE CHICAGO REFORMERS.

German and Bohemian Societies Want Bar Permits for Dance Halls.

Chicago, March 26.—Resolutions demanding that the city council authorize the mayor to issue special bar permits for dance halls and that the state legislature grant complete home rule in regard to amusements were passed with a deafening shout by 10,000 representatives of German and Bohemian societies gathered in mass meeting here during the afternoon. Ourselves, the First Regiment armory, where the meeting occurred, was an overflow gathering estimated at 20,000.

The speakers who addressed the meeting scored the reformers, the mayor and the state's attorney, whom they held responsible for the revocation of their permits.

TELEGRAPHIC BREVITIES.

Professor R. Ogden Doremus, the noted chemist, is dead at his home in New York city, aged eighty-two years.

The senate has confirmed the nomination of Charles S. Francis of New York as ambassador to Austria-Hungary.

W. J. Connolly, a merchant of Benson, Minn., was found dead in his bed in the Grand Central hotel in St. Paul from accidental gas poisoning.

Rev. J. C. Hartzel, Methodist Episcopcal bishop for Africa, addressed the Minnesota-Wisconsin Methodist missionary convention at Minneapolis Thursday.

Uri Locke Lamprey, aged sixty-four years, pioneer resident, sportsman and philanthropist of St. Paul, is dead at his home in that city of dropsy and complications.

The National Retail Hardware association, which has been in session at Chicago for the past three days, adjourned after choosing Boston as the next convention city.

Big Bargains in 5c and 10c Goods

C. M. Littleworth, of Duluth, who has been visiting his daughter, Mrs. M. P. Orchard, returned home today taking with him his granddaughter, little Miss Orchard.

Albert Solseth, who has been in St. Joseph's hospital for some time, having had his leg broken while at work in the woods, returned to his home in Stearns county today.

W. P. Locke came down from Longville and went to Aitkin this afternoon on business.

Mrs. John McKay, who is in a hospital in Minneapolis, is reported as much worse today.

Dr. Buskirk, of the N. P. Sanitarium, returned Sunday morning from a trip to Minneapolis.

E. C. Griffith went to St. Cloud last night to assume his work on the Times at that place.

Willard Badeau came up from the cities Saturday for a short visit with relatives here.

August Isle, who was employed as machinist at Duluth, has returned to the N. P. shops.

A number of Brainerd young people are expecting to attend a dance at Sylvan Friday night.

W. B. Jones, of Sylvan, came in from Aitkin last night and is transacting business here today.

Conductor O'Brien, of the Superior division is in the Sanitarium suffering from an injured knee.

The man with sand was popular this morning, especially if he was spreading a little of it on the sidewalk.

Mrs. Matilda Bone slipped upon her icy porch yesterday morning and sustained a severe scalp wound.

There will be a meeting for boys only at the Y. M. C. A. next Sunday afternoon led by one of the leading business men.

D. A. Robinson and E. S. Hall, of Little Falls, came down from Merrifield today, having completed their logging contract.

Chas. and Albert Herbst and Joe Abfalter returned to their homes in St. Cloud today after a visit with Joe Herbst.

The ladies of the Maccabees will give a coffee at the home of Miss Lottie White Thursday afternoon. Refreshments 15 cents.

E. Krauser, formerly undertaker for D. M. Clark & Co., left today for Minneapolis where he will make his home for the present.

Fireman J. M. Burke, of the M. & I., received a telegram today announcing the death of his sister, Mrs. Bowen, at Franklin, Minn.

All members of Pine Camp, No. 173, are requested to attend the meeting tonight as there will be important business transacted.

R. F. Walters returned from the coast yesterday. Mrs. Walters came as far as Staples with him, stopping there for a brief visit. Mr. Walters is said to be contemplating entering into business in Brainerd. He will be welcomed back by a large circle of friends and former patrons.

At a special election of the Modern Woodmen last Friday evening Henry Squires was elected clerk and A. J. Starritt manager for the balance of the term. A vote of thanks was tendered C. A. Wilkins, the retiring clerk, who will engage in business in Dakota. John D. Gile was appointed escort, taking T. E. Canan's place.

A telegram was received here for Mrs. L. J. Hammett, of Esdon, stating that

her brother was killed in the rail road yards at Minneapolis yesterday. Twin city papers report the death of Chas. Peterson under the wheels of a switch engine in the Northern Pacific yards there and it is presumed that this man was the brother of Mrs. Hammett.

From a private letter received in the city on Sunday it is learned that J. N. Nevers is seriously ill at his home in Spokane. He is said to be afflicted with ulcers of the stomach, which produce serious hemorrhages, and he will be confined to his bed for several weeks on the order of his physician, to receive adequate treatment. Mr. Nevers' many friends in this city sincerely hope that he will speedily recover.

PLEASANT HOME WEDDING

Miss Pearl Gaffney and Arthur Winters Were United in Matrimony at Bride's Home This Morning

A very pleasant home wedding took place at the residence of Mr. and Mrs. John Gaffney, South Fifth street, at 10:30 this morning when their daughter, Miss Pearl Gaffney, became the wife of Arthur Winters, Rev. J. F. McLeod performing the ceremony. Miss Millie Winters, sister of the groom, was bride-maid, and Charles Ramsey, a cousin of the bride, was best man. Miss Hoffbauer played the wedding march. After the ceremony a sumptuous wedding dinner was served to the guests, about 30 relatives and friends being present.

The bride and groom are both well known here, the groom being the son of W. W. Winters, of East Brainerd. The newly married couple took the afternoon train for Bemidji, where Mr. Winters has a good position as night clerk in the railroad offices.

Miss Mabel Smythe

Whistling duett, ... Midnight Serenade

Mrs. A. Hoppe, Miss Sophie Hoffbauer

Piano solo, ... Spahero, G. Karaganoff

Miss Jennie Mycen

Admission 25 cents.

TO AILING WOMEN

A Little Sound Advice Will Help Many a Sufferer in Brainerd

No woman can be healthy and well if the kidneys are sick. Poisons that pass off in the urine when the kidneys are well are retained in the body when the kidneys are sick. Kidneys and bladder get inflamed and swollen, crowding the delicate female organs nearby and sometimes displacing them. This is the true cause of many bearing-down pains, lameness, backache, sideache, etc. Uric poisoning also causes headaches, dizzy spells, languor, nervousness and rheumatic pain.

When suffering so, try Doan's Kidney Pill, the remedy that cures sick kidneys.

You will get better as the kidneys get better, and health will return when the kidneys are well. Let a Brainerd woman tell you about Doan's Kidney Pills.

Mrs. J. H. Zellers, of 915 Main St., Brainerd, Minn., says: "I believe that after what Doan's Kidney Pills did for me they will help anyone similarly troubled. Before using them I suffered for six months from my kidneys. There was a miserable feeling of pressure over those organs and the secretions were scanty. Besides this there was a heavy pain across the small of my back. A box of Doan's Kidney Pills were gotten at a drug store and I took them with the result that they acted like a charm. I can truthfully say that I have not had a symptom since."

On October 28th, 1904, six years after giving the above statement, Mrs. Zellers says: "I am just as glad to recommend Doan's Kidney Pills today as I was in 1898. I have not had an attack of kidney trouble since I used Doan's Kidney Pills, and must give them credit for a permanent cure."

For sale by all druggists. Price 50 cents. Foster Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Remember the name—Doan's—and take no other.

EXPLORING IN CASS COUNTY

M. C. Littleworth, of Duluth, has been drilling there for several months

REPORTS PROSPECTS EXCELLENT

Has been operating 14 miles north of Motley with satisfactory results

M. C. Littleworth, of Duluth, who has been visiting his daughter, Mrs. M. P. Orchard, is just in from Cass county where he has been conducting explorations for iron. He has been drilling fourteen miles north of Motley for several months, and while there has been no splurge made about its results, he states, they are very satisfactory and the work of sinking test holes will be continued. He expresses the opinion that there is plenty of iron northwest and west of Brainerd, as well as on the Cuyuna range, and that Brainerd will be the center of activities.

TO REMODEL HAYES BUILDING

Store occupied by J. F. Dykeman to be enlarged and otherwise made more modern

C. B. Rowley has taken the contract to make radical improvements in the building at the corner of Sixth and Laurel streets owned by J. M. Hayes and occupied by J. F. Dykeman as a grocery store. The storage room on the south side will be finished off and thrown into the store and furnished with show windows and the room otherwise put in shape to compare favorably with any store room in the city. When the improvements are completed Mr. Dykeman will probably consolidate the stock of groceries in the Golden Rule with his main stock.

CHIEF OF POLICE HAS RESIGNED

Chief Simmons will go on the road for the Armour Packing Company

NO SUCCESSOR APPOINTED YET

Captain Hurley in charge of City's peace until new chief is chosen

With the suddenness of a thunderclap from a clear sky came the announcement Saturday night that Chief of Police Simmons had handed in his resignation to take effect immediately. Mr. Simmons leaves the police force to take a position on the road with the Armour Packing company. He will take the territory formerly handled by Harry Brooks, of this city, and will continue to make Brainerd his home and will be here every Sunday. Mr. Brooks has taken a position with Jordon Bros., wholesale grocers of Minneapolis.

FOUND DEAD IN BED

Baby Daughter of Henry Atkinson Found Dead in Bed Yesterday Morning By Its Parents

Mr. and Mrs. Henry Atkinson, of 119 Second Ave., N. E., are plunged in grief over the death of their three weeks old daughter. The child was apparently as well as ever at midnight Saturday, but when they sought to awaken it in the morning the little spirit had flown. Death was due to heart trouble. The little one was laid to rest in Evergreen cemetery today.

EYES examined free Wednesday and Thursday at the National Hotel by Dr. Bruns the optometrist. Spectacles and eye glasses fitted correctly. Headache, stomach trouble and other nervous disorders cured without medicine.

SHORT 5,000,000 FEET

Big Lawsuit Over Logs Sold by Aitkin Parties Said to be Much Less Than Paid For

The Minneapolis Tribune has the following account of a lawsuit involving Aitkin county deal:

"Lumber measuring over 5,000,000 feet and valued at \$47,862.45 is at issue in a suit brought in the district court by the Scanlon-Gipson Lumber company of Minneapolis against Carlson Graves and the Aitkin Investment company.

The difference between these two sums makes a difference in money of \$47,862.45, according to the plaintiff."

Carlson Graves, the defendant, is the man with whom Bonness & Howe had the big lawsuit and are trying to get a new trial.

When you are wearied from over work, feel listless or languid, or when you cannot sleep or eat, take Hollister's Rocky Mountain Tea. One of the greatest tonics known. 35 cents, tea or tablets. H. P. Dunn & Co.

DUPLICATE CATALOG PRICES

Peterson & Smylie Filed Four Orders Brought by Patrons of Catalog Houses Saturday

Peterson & Smylie are making a standing offer to fill any bill of groceries handed them by the patron of a catalog house and save him the freight and drayage. They filled four such orders to the satisfaction of the patrons Saturday. One man was in and Mr. Peterson asked him to make out a list of the goods he intended to send for, not putting down the prices and he would fill the order and take it to the house and compare prices. When the goods were delivered and the bill compared with the catalog price it was found that the local firm was just two cents higher than the catalog house. It is needless to say that the man is now a patron of the local firm.

Better insure against appendicitis. Costs only one dollar. A dose now and then of Dr. Adler's Treatment will positively prevent this disease. Don't wait Johnson's Pharmacy.

WILL BE HELD APRIL 13

State Superintendent will be here to attend County School Board Meeting on that date

The county meeting of members of school boards, the date of which has been undecided to ascertain when State Superintendent Olson could come, has been set for April 13th, Mr. Wilson having received the following very flattering letter from the department of public instruction:

"Dear Sir:

My program is so crowded during the middle of April that I do not believe that any other superintendent than yourself could have induced me to leave the office on the 13th, but you have always been so loyal in your support of the department, and your invitation is so cordial, that I take pleasure in making my arrangements to be with you on that date.

Yours very truly,

J. W. OLSON."

Mr. Wilson is preparing a very interesting and valuable program and hopes that the meeting, by getting officers in the various districts in closer touch with each other and with himself and the state department, will prove great benefit to the schools of the country.

I have some 5 acre farms with houses and 2 or 3 acres of garden land with each, for sale or to rent. G. W. Holand.

Big Belt Sale,
Tailor-made Belts,
Kid and Leather Belts
Gilt Belts

A. E. Moberg
218 South Seventh Street.

Shoe sale begins Tuesday morning, ladies' and misses', children's and men's

We want to still Increase our stock of Dry Goods and must have more room

Therefore we have decided to completely close out all ladies', misses', children's and men's shoes

Regardless of Price

Regardless of Cost

Considering that our stock of shoes consists of the best and most reliable makes and qualities and owing to the great advance in cost of leather, shoes today cost much more to produce than for many years. Our quitting the shoe business means the biggest, richest bargain occasion ever offered here, coming to, at a time of the year when everybody wants and must have shoes.

This sale commences Tuesday morning March 27th, at 9:30. Come early and bring your neighbors.

FIFTY-FOUR VESSELS LOST.

Past Winter Disastrous to Shipping Off Coast of New England,

Boston, March 2.—Eighty-five lives were lost and fifty-four ships were wrecked along the coast of New England and the maritime provinces during the past winter. While the season up to the present month was comparatively mild on shore, at sea it was one of extreme severity, particularly in waters of the provinces.

Of the vessels wrecked thirty-seven were sailing craft. Nine steamships and eight barges complete the list. Ships flying the British flag lead those of other nations with a loss of twenty-seven craft against fifteen of American register. There is also a sprinkling of vessels of other countries. The worst disaster was the founders of the steamer British King off Sable Island on March 11, when it is estimated that at least eighteen and possibly twenty-six lost their lives. The correct figures probably will never be known, as several men enrolled as members of the crew are said to have deserted before the ship sailed.

TELEGRAPHIC BREVITIES.

The national convention of wholesale grocers will be held at Buffalo, N. Y., June 5, 6 and 7.

The National Association of Firemen will hold its next convention at Roanoke, Va., on Aug. 14, 15 and 16.

Mike Schreck of Cincinnati defeated Dave Barry of Ireland in the eighth round of a fast contest Friday night at Terre Haute, Ind.

At a meeting of trustees of Northwestern university it was decided to abolish intercollegiate football at the university for five years.

Miss Johnstone Bennett, the actress, is critically ill at her home in Montclair, N. J., and her death is said to be only a question of days.

At Ann Arbor, Mich., the University of Michigan Friday night defeated the University of Wisconsin in a debate on the question of government regulation of rates.

At Asheville, N. C., Frank Gotch of Humboldt, Ia., successfully defended his title to the American heavyweight wrestling championship Friday night by defeating Charles Olsen. Gotch won the first and third bouts.

TWO MORE BODIES RECOVERED

Wheeling, W. Va., 26.—Two additional bodies were recovered from the Century mine during the afternoon, running the death list to twenty-six. All others have been accounted for. The funerals of twenty of the dead miners were held during the afternoon.

WORLD'S RECORD BROKEN.

Bowlers at Louisville Roll Up High Scores.

Louisville, Ky., March 2.—The breaking of records by two two-man teams and the action of the executive committee of the American Bowling Congress in throwing out the individual high mark established Thursday night resulted in several changes in the standing of those at the top in the race for first money at the bowling tournament.

The previous world's record for a two-man team rolled under slightly different conditions, was 1,237, but Read and Deasback of Columbus, during the day went as high as 1,247, only to be themselves beaten in the same set by Hamilton and Hussey of Philadelphia, who rolled 1,268.

The executive committee threw out the record of 675 made Thursday night by Walter Tuthill of Brooklyn, rolling for Charles Carlson of the Chicago Centurys. The record was discarded because Carlson, who had broken a finger, should have engaged Stevens, the man who took his place two days ago. The standing of the individuals now shows D. Meyers of Detroit first with 650; R. Holloway, Indianapolis, second, 648; Candersyke, Chicago, third, 643.

NINE PEOPLE WOUNDED.

Maniac Breaks Up a Funeral With Firearms.

Baltimore, Md., March 24.—Brooklyn, a town just across the Patapsco river from this city, is horrified over the deeds and death of Walter Potee, an insane man, who, entering his brother's house during the funeral of the latter's infant child, opened fire with revolver, set fire to the house and later died from gunshot wounds, but whether self-inflicted or not is unknown.

Nine people were wounded more or less seriously by Potee's shots from revolvers and a repeating shotgun. Of these, a brother, John H. Potee, and William H. Miller, a brother-in-law, are likely to die. The insane man sprinkled oil about the house and set fire to it. While it was burning Chief of Police Irwin, Henry Roberts and August E. Remmers broke in the front door and managed to save the body of the child. Firemen extinguished the flames, but not before the building had been almost gutted. On the second floor was found the corpse of the maniac badly burned above the waist and with a gaping shot wound over the heart. Bystanders had fired at him repeatedly, but whether one of their shots reached him or he died by his own hand can only be conjectured.

YERKES' TRACTION SECURITIES.

Said to Have Been Placed at the Disposal of the City of Chicago.

Chicago, March 24.—The Chicago Daily News says all the traction securities of the estate of the late Charles T. Yerkes are said to have been placed at the disposal of the city of Chicago during a conference between Mayor Dunne and Attorney Knight, the latter representing the heirs of the Yerkes estate. The heirs are reported anxious to withdraw from the Chicago traction muddle and willing to take Mueller certificates in full payment.

The last legislature at the instance of Senator Mueller passed a bill providing that the city of Chicago might issue certificates to the aggregate of \$75,000,000 for the purchase of existing traction lines.

British Vessel Aground.

St. Johns, N. F., March 26.—After being in peril from fire at sea and managing by desperate efforts to reach this port in the midst of a gale and blinding snowstorm, the British freight steamer Titian struck a submerged rock in entering the harbor during the night, had a hole torn in her hull and now lies fast on the beach.

WILL BRING A CRISIS

ASSEMBLING OF THE NATIONAL PARLIAMENT A CRUCIAL EVENT IN RUSSIA.

POLICY OF THE GOVERNMENT

DEPENDS UPON THE OUTCOME OF THE STRUGGLE TO SUPPLANT THE OLD REGIME.

St. Petersburg, March 26.—The Associated Press is able to give the results of an important conversation with a high personage regarding the situation in Russia. Neither the name nor the position of this personage can be indicated, but his competency to speak upon the situation can be vouchsafed for. The conversation, which covered a wide range, left the distinct impression that the assembling of the national parliament will bring a crisis, but not the one anticipated abroad.

The government, evidently, is absolutely convinced that an armed revolution or a general uprising which would menace its life is no longer possible and the danger now is not that the government will be overthrown, but that it will be driven to abandon its path of reform.

"The guerrilla warfare which the revolutionists at present are conducting," said the personage referred to, "cannot succeed. Acts of terrorism doubtless will continue—vengeance may be wreaked upon governors general and police masters; Count Witte, the premier, and Minister of the Interior Durnovo.

May Be Assassinated;

banks and buildings may be blown up and there may even be riots here and there—but attempts to produce widespread risings in the cities or a repetition of the railroad strike are doomed to failure. The government has a firm grip and every measure to prevent excesses will be taken.

"Besides, the situation has been completely altered since last fall, when practically the whole of the urban population joined the protest which led the emperor to grant the manifesto of Oct. 30. The government then was unable to cope with the extreme revolutionaries. The army in European Russia was at a low strength and filled with reservists who were bordering on mutiny owing to their anxiety to return to their homes and new recruits were prevented from joining the colors. Since then all is changed. The reservists have been discharged and the recruits have been drilled and have joined the ranks. Regiments which then consisted of 400 men now have 2,000 men. Two army corps have returned from Manchuria and more regulars are arriving daily.

ARMY FAITHFUL TO THE CZAR.

"No matter what is said to the contrary, it is certain that the army is faithful to the emperor. There may be individual cases of disloyalty, but the reliability of the army as a whole is unquestionable. The weight of troops alone renders a revolution impossible.

"Should there be agrarian disorders in the summer they will not be revolutionary in character, for the peasants of Russia are true to the emperor. The danger lies in another direction.

"It is not now a question of the fall of the government, but of whether reform will prevail—whether the present struggle to supplant the old regime and secure larger liberties for the people will enter the parliament phase or a counter revolution will sweep away the entire programme on which the government has entered. The emperor is sincerely and honestly desirous of meeting the wishes of his people and has given them his word to this effect. But a reactionary party exists.

It is composed of the aristocracy with a powerful backing in high places and, above all, it enjoys the support of the military faction, which in a country like Russia is an immense factor. The military is naturally reactionary.

REACTIONARY PARTY WEAK.

"Nevertheless, at the present moment the reactionary party is weak and powerless. It lacks the public following without which it dare not move. It is easily conceivable, however, that the situation might suddenly change should an opportunity to strike come."

The speaker said that if parliament attempted to dethrone the emperor and destroy the whole fabric of the present government, the parliament would probably be dissolved at the point of the bayonet and the old order of things would again prevail.

The most important question, however, and the one on which the future of the country and its prosperity depends, is the adoption of some method for satisfying the land hunger of the peasants, who comprise 80 per cent of Russia's immense population. Many projects have been submitted to the government, but instead of presenting a project, the government would prefer to leave a solution of the question, if possible, to parliament.

In conclusion, speaking of the health of the premier, the speaker intimated that Count Witte is almost on the verge of a breakdown, but he is determined, if possible, to see the emperor and country through the crisis.

THE FAMINE IN JAPAN.

Misery and Suffering Slightly Relieved by Aid From Foreign Sources.

Tokio, March 26.—The misery and suffering in the famine district have been slightly relieved by the prompt and liberal aid from foreign sources and the abatement of winter. The local authorities are trying to provide work for the able-bodied, but the work is inadequate and thousands are still on the verge of starvation.

Many parents are parting with their children, sending them to the already crowded Okayama orphanage. Several children arrived during the day at the Ueno railway station in this city. The severity of the suffering undergone by the children is clearly depicted in the faces of those who are compelled to leave their homes, where the food consists of flour mixed with straw and weeds. The mixture is beaten fine, forming a paste, which contains only 25 per cent actual food value. The government has remitted the lowest tax in the famine district, but this will not afford immediate relief. The liberal contributions from American sympathizers are already effective, and the relief, in the form of food and clothing, is commanding the heartfelt appreciation.

ONE KILLED AND FOUR INJURED.

Passenger Train Runs Into a Misplaced Switch.

Meridian, Miss., March 26.—The eastbound Alabama and Vicksburg passenger train No. 2 ran into a misplaced switch at Hickory, twenty miles west of here, at 12 o'clock p. m., completely demolishing the engine, baggage, mail and express cars. Engineer Charles R. Lewis of this city was killed and Edward Gibson, the colored fireman, was fatally injured. Two ne

gro postal clerks were injured.

FIRE IN BUSINESS DISTRICT.

Destroys Valuable Buildings at Fayetteville, N. C.

Fayetteville, N. C., March 26.—A fire which started here during the night in the Frank Thornton Dry Goods company's stores in the center of the business district destroyed eleven buildings. The loss is estimated at \$300,000. Several persons were hurt.

Governor Pattison's Condition.

Columbus, O., March 26.—The physicians attending Governor Pattison gave out the following statement at 10:30 p. m.: Governor Pattison has been somewhat more restless, otherwise no important change has occurred since the last statement was issued. Pulse, 108; respiration, 24; temperature, normal.

TELEGRAPHIC BREVITIES.

U. X. Gunter, Jr., attorney general of South Carolina, is dead at Batesburg, S. C.

Trade of the United States with Canada in the fiscal year 1905 aggregated \$202,999,213, against \$89,429,096 in 1904.

The public schools at Edgerton, Wis., have been closed by the state board of health owing to an epidemic of scarlet fever.

Fire at Youngstown, O., Sunday destroyed the plant of the Enterprise Boiler company. Loss, \$55,000. The fire is supposed to have been caused by crossed electric wires.

Joseph Cassidy, shortstop of the Washington American League baseball club, is dead at his home in Chester, Pa., of a disease the exact nature of which physicians are in doubt.

Charles Peterson, a switchman in the employ of the Northern Pacific Railroad company, slipped and fell under a switch engine Sunday at Minneapolis and was run over and killed.

Mrs. Carrie Chapman Catt presided at a meeting of appreciation of the life and work of the late Susan B. Anthony held in New York city Sunday and attended by several hundred women.
